

**REMARKS/ARGUMENTS**

On June 16, 2005, the U.S. Patent Office issued a Notice of Allowance in the above-identified application indicating that claims 11, 12 and 13 are allowed.

Upon review of the allowed claims, Applicant believes that allowed claim 13 would benefit from amendments to provide clarifying language. Therefore, Applicant has filed a Request for Continued Examination and submits this Amendment to address the changes to claim 13. More specifically, the above-provided listing of Claims provides allowed claim 11 and allowed claim 12 without change. Allowed claim 13 has been canceled. New claim 14, which corresponds to allowed claim 13 has been added.

New independent claim 14 differs from claim 13 in that new claim 14 recites the additional "step (d) assembling each of the plurality of still image sequences into a corresponding moving picture." Additional changes to the claim have been made in order to provide consistent terminology in using the term "moving picture."

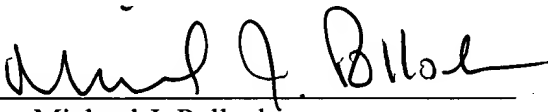

Applicant has reviewed new claim 14 carefully in view of the prior art currently of record and is of the good faith opinion that claim 14 patentably distinguishes over the references, whether considered individually or in combination.

It is requested that the allowance of claims 11 and 12 be reaffirmed and that new claim 14 be passed to allowance.

Respectfully submitted,
